Dear Mr. Hernandez:

The DMMP Consortium, consisting of Supresta LLC and Rhodia Inc., is pleased to provide this response to the U.S. Environmental Protection Agency's comments dated May 17, 2005, on the DMMP Robust Summary dossier and proposed Test Plan.

The Agency's comments on the robust summaries are presently being reviewed by our scientific staff. It is our intention to prepare revised robust summaries, incorporating further study details, which we believe will address most of the comments made by the Agency. Additional enhancements to the dossier and Test Plan will be made independent of the Agency's comments. We will also add new robust summaries to the dossier. The DMMP Consortium will submit a revised dossier and Test Plan to the Agency by August 31, 2005.

Thank you for your helpful comments. We appreciate the opportunity to participate in the HPV Challenge Program.

Sincerely yours,

Andy Wang
Manager, Regulatory Affairs
